Dear Chairman Pai,

Thank you for your courageous stand and remarks made on April 26th regarding the future of the internet. We support your position and encourage you to proceed with your plans to roll back the Obama administration's regulation of the internet. We applaud how well you explained the history of the Title II regulations and clearly defined their purpose.

Please know that you are all in our prayers and we are grateful for the many men and women who are fearlessly standing up for the freedoms and rights that have made America a great country and will, we pray, continue to do so for our children and grandchildren.

God bless and keep you,

Paul and Judy Studer
